

DEUTZ

POWER SOLUTIONS

Our Commitment.Your Solution

DPS power generators are designed precisely to meet market requirements under extreme conditions, combining top quality and reasonable overall cost.

- Reliable and durable
- Low fuel consumption with optimised combustion
- Up to 1000 hours maintenance intervals
- Immediate power supply due to superior load response
- Minimised running costs due to low maintenance and little wear
- DEUTZ oil-cool engine with no corrosion or cavitation due to oil cooling and lubrication
- Best cold starting performance even under extreme conditions with robust DEUTZ air-cool engine design
